

# Upbeat and Unretired

## The Senior's Guide to Working After 65

There are many things you can do during your retirement years. **Will working be one of them?**

### Benefits of Continued Employment

Financial Security

Social Activity

Mental Stimulation

### 5 Tips for Finding a Job in Your Golden Years

#### 1 Update Your Resume

- Remove dates
- Only include the most recent 10 years of experience

#### 2 Practice Interviewing

- Address the question of being overqualified
- Show willingness to work with a younger team and leadership

#### 3 Volunteer

- Learn new technical skills
- Build your connections

#### Consider Self-Employment

- Start a consulting business
- Do freelance work on the side, such as writing or bookkeeping

#### 5 Use LinkedIn

- Connect with past colleagues
- Increase your technology skills

### Employment Resources

A government resource to help you **find work** or **training programs**

Comprehensive **database of work opportunities** around the country

Offers **coaching**, a **job database** and **resume writing**

### Medicare Mistakes to Avoid if You're Working After 65

Forgetting the Medicare **enrollment deadline**

**Not asking questions** about employer insurance

Contributing to a **Health Savings Account**

**Not notifying Medicare** once you leave your job

**Delaying enrollment** when other insurance is secondary

**Not reviewing** existing insurance coverage
